PROJECTS

Application Tracker Web App

<https://github.com/ehighbaugh/apptracker>

Dynamic web app written with MVC 5 and Entity Framework 6. Includes CRUD operations and written in C#, Razor and JavaScript. Styled with Bootstrap 4 and custom CSS. Custom query logic written to for multiple types of search capability and column sorting.

My Library Web App

www.ehighbaugh.github.io/MyLibrary

Web app to track personal book collection. Made in Visual Studio with MVC 5 and Entity Framework. Utilizes LocalDb. Includes all CRUD operations. Written with C#, Razor, JavaScript. Styled with Bootstrap and custom CSS. Project in progress to add more data track and querying logic.

Animal Shelter Website

www.ehighbaugh.github.io/rescue-project

Multi-page website for local animal shelter, built with HTML, CSS3, JavaScript. Available pet data pulled from PetFinder API with AJAX via jQuery. Menus/buttons built with Bootstrap. Website fully responsive to four breakpoints using media queries.

TECHNICAL SKILLS

Front End - HTML, CSS, SASS, JavaScript, jQuery, Bootstrap

Back End - C#, .NET Framework, ASP.NET MVC 5

Database - SQL, Entity Framework, Linq

Framework - Bootstrap, Angular

Version Control - Git, Github

Office - MS Office, MS Excel, MS PowerPoint, MS Word

SOFT SKILLS

Self-starting and highly motivated.

Voracious learner who constantly strives to gain more knowledge and skills.

Excellent planning and time-management abilities, while maintaining quality and attention to detail.

Works well both independently and as part of team.

Highly receptive to constructive criticism as part of the learning process.

EXPERIENCE

Volunteer – Saving Shelter Pets

JUNE 2013 - SEPTEMBER 2018

Daily collection of data of abandoned pets housed in high-kill shelters. Post data on other sites advertising adoptable pets to increase adoption rates and intervention rates by rescue agencies. Euthanization rates have decreased by about 50%.

eCommerce Site Administrator, Mount Olympus

JANUARY 2012 - DECEMBER 2012

Created an ecommerce website through BigCommerce, listing approximately 200 products. Edited product photos in PhotoShop and uploaded to site. Streamlined and condensed products by adding multiple options to a single product (vs. having multiple product listings), increasing sales by 60%. Setup automation between site and Stamps.com to autoprint shipping labels.

Registered Nurse – Jewish Hospital

JUNE 2007 - SEPTEMBER 2009

Acted as central communications coordinator between doctors, therapists, lab, and other health professionals. Monitored, interpreted and documented critical data on a strict time schedule. Was promoted to educator of my unit and trainer for new nurses after only 8 months on the job. Worked at Nurse Extern from 06/2007 to 08/2008.
